

Premium Cotton Tipped Applicator

- Premium 100% absorbent cotton tips - clean, consistent pickup
- Smooth, sturdy wooden shafts - crack-free, splinter-resistant
- Two useful lengths - 3" (7.5 cm) for precision work; 6" (15.2 cm) for extended reach and specimen collection
- Tight, no-shed winding - tips stay firmly attached to prevent peeling or fiber loss
- Sterilization-ready pouches - medical "dialysis" paper with printed steam indicator that changes blue → gray/black after processing
