

OTC Toothpaste-Sensitive

- Clinically Proven Sensitivity Relief - Formulated with potassium nitrate to soothe nerve endings and help relieve tooth sensitivity from hot, cold, sweet, and acidic foods.
- Dual Size Convenience - Available in both 4 oz full-size and .85 oz travel-size tubes—perfect for home use and on-the-go relief.
- Gentle, Everyday Protection - Safe for daily use to provide ongoing protection while strengthening enamel and promoting overall oral health.
- Fresh Mint Flavor - Refreshing mint taste leaves the mouth feeling clean without the harshness of stronger commercial toothpastes.
- Ideal for Post-Whitening Care - Recommended for patients after professional whitening treatments or those with naturally sensitive teeth.

4oz tube
