

## **ALLERGEN STATEMENT**

### **PRO-SYS® In-Office Whitening 30% Hydrogen Peroxide System**

This document serves as an official allergen statement for the PRO-SYS® In-Office Whitening 30% Hydrogen Peroxide System.

Based on a review of the product formulation and raw material specifications provided by approved suppliers, this product does not contain and is not formulated with any ingredients derived from the following allergens:

- Tree nuts
- Peanuts
- Sesame (including sesame oil or derivatives)
- Shrimp or shellfish

Furthermore, to the best of our knowledge, current manufacturing processes and handling procedures include appropriate controls to minimize the risk of cross-contamination with these allergens.

This statement is made in good faith and is based on information provided by suppliers and current manufacturing practices.
