

**Safety Data Sheet**

Form No. A-169

Date Prepared:

1/21/2014

**SECTION 1 : Identification of the substance/preparation and of the company / undertaking****(a) GHS product identifier**

Benco Buff Stone, Fast Stone, Ortho Stone, Die Stone, Lab  
Plaster, Ortho Plaster

**(e) Emergency phone number**

CHEMTREC 1-800-424-9300

**(b) Other means of identification**

NA

**(c) Recommended use of the chemical and restrictions on use**

For professional dental applications.

**(d) Supplier's details**

Benco Dental Supply  
295 Centerpoint Blvd  
Pittston, PA 18640-0491  
Phone: 1-800-462-3626

**SECTION 2: Hazards identification****(a) GHS classification of the substance/mixture****Substance Name**

1. Undisclosed due to Confidential Business Information
  2. Crystalline Silica
- IARC - International Agency for Research on Cancer: 1- Carcinogenic to humans;
  - NTP National Toxicology Program (Health and Human Services Dept., Public Health Service, NIH/NIEHS):  
1- Known to be carcinogen
  - ACGIH American Conference of Governmental Industrial Hygienists: A2 Suspected human carcinogen
  - CAL-65: Listed as Chemical know to the State of California to Cause Cancer

**(b) Label Elements****Precautionary statements**

**IF ON SKIN:** This material hardens and slowly becomes hot when mixed with water. Therefore, it SHOULD NOT be used to make a cast enclosing any part of the body. Failure to follow these instructions can cause severe burns that may require surgical removal of affected tissue or amputation of limb. Direct, prolonged or repeated contact with the skin may cause irritation and rubbing against the skin can result in abrasions.

**IF INHALED:** Dusts from this product may irritate the nose, throat, lungs, and upper respiratory tract. Persons subject to large amounts of this dust will be forced to leave area because of nuisance conditions such as coughing, sneezing, and nasal irritation. Labored breathing may occur after excessive inhalation.

**IF SWALLOWED:** Unlikely to occur, but may cause gastric disturbances if swallowed. The materials are non-toxic, however, ingestion of a sufficient quantity could lead to mechanical obstruction of the gut, especially the pyloric region.

**IF IN EYES:** Direct Contact can cause mechanical irritation of eyes.

**Hazard Symbol(s)**

NONE

**Signal Word(s)**

NONE

**(c) Other hazards which do not result in classification**

ND

**Safety Data Sheet**

Form No. A-169

Date Prepared: 1/21/2014

**SECTION 3: Composition/information on ingredients****(a) Chemical(s) Identity:****(b) Common Name:**

Undisclosed due to Confidential Business Information  
Crystalline Silica

**(c) CAS No.**

NA  
14808-60-7

**Mixture:****Concentration (Percentage)**

>99%  
<0.05%

**SECTION 4: First-aid measures****(a) Description of first aid measures:**

**IF ON SKIN (or hair):** Rinse with water until free of material to avoid abrasions, then wash skin thoroughly with mild soap and water. May dry skin.

**IF INHALED:** If respiratory symptoms persist, consult physician.

**IF SWALLOWED:** If gastric disturbance occurs, consult physician.

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Direct Contact can cause mechanical irritation of eyes. If burning, redness, itching, pain or other symptoms persist or develop, consult a physician.

**(b) Most important symptoms and effects, both acute and delayed:**

**IF INHALED:** Nuisance conditions such as coughing, sneezing, and nasal irritation. Labored breathing may occur after excessive inhalation.

**IN EYES:** If burning, redness, itching, pain or other symptoms persist or develop, consult a physician.

**(c) Indication of any immediate medical attention and special treatment needed:**

ND

**SECTION 5: Fire-fighting measures****(a) Suitable extinguishing media:**

Water or use extinguishing media appropriate for surrounding fire.

**(b) Special hazards arising from the chemical or mixture:**

None known.

**(c) Special protective equipment and precautions for fire-fighters:**

Wear appropriate personal protective equipment.

**SECTION 6: Accidental release measures****(a) Personal precautions, protective equipment and emergency procedures:**

No special precautions. Wear appropriate personal protective equipment.

**(b) Environmental precautions:**

Toxicity studies performed with fish, aquatic invertebrates and aquatic plants showed no toxic effect.

**(c) Methods and material for containment and cleaning up:**

Remove by dry-sweeping or vacuum. Avoid creating excessive dust. Do not wash down drains since it could plug drains. Wear protective equipment.

**Safety Data Sheet**

Form No. A-169

**Date Prepared:****1/21/2014****SECTION 7: Handling and storage****(a) Precautions for safe handling:**

This product can release nuisance dust in handling or during use. Eye, skin, nose, throat, and upper respiratory irritation may occur with prolonged dust exposures.

**(b) Conditions for safe storage, including any incompatibilities:**

Store in a dry area to minimize potential for clumping due to moisture absorption. Dew point conditions or other conditions causing presence of moisture will harden product during storage.

**SECTION 8: Exposure controls/Personal protection****(a) Control parameters:**

Chemical	ACGIH	OSHA
	TLV	PEL TWA
CBI	10 mg/m <sup>3</sup>	15 mg/m <sup>3</sup> total, 5 mg/m <sup>3</sup> respirable
Crystalline Silica	0.1 mg/m <sup>3</sup> respirable	0.1 mg/m <sup>3</sup> respirable

**(b) Appropriate Engineering Controls:**

Ventilate to keep exposures below TLV requirements of the individual ingredients. General ventilation is expected to be satisfactory. Use local exhaust ventilation if necessary to control dust.

**(c) Individual protection measures:**

**RESPIRATORY:** None required where adequate ventilation conditions exist. In order to meet TLV requirements of individual ingredients and to control dusting conditions, provide general ventilation and local exhaust ventilation. Avoid creating dust. Wear a NIOSH/OSHA approved dust respirator in poorly ventilated areas and/or if TLV requirements of the individual ingredients is exceeded.

**OTHER PROTECTIVE EQUIPMENT:** No special body protection is required under typical circumstances of use and handling. If necessary, refer to appropriate governing standards. An eyewash station and a safety shower are recommended.

**SECTION 9: Physical and chemical properties**

<b>(a) Appearance:</b>	White to off-white powder
<b>(b) Odor:</b>	None
<b>(c) Odor threshold:</b>	ND
<b>(d) pH:</b>	7.5 - 8.5
<b>(e) Melting point / freezing point:</b>	1,450 ° C
<b>(f) Initial boiling point and boiling range:</b>	ND
<b>(g) Flash point</b>	Not Combustible
<b>(h) Evaporation rate (BuAc=1):</b>	ND
<b>(i) Flammability:</b>	ND
<b>(j) Upper/lower flammability or explosive limits:</b>	ND
<b>(k) Vapor Pressure:</b>	ND
<b>(l) Vapor density:</b>	ND
<b>(m) Relative density:</b>	ND
<b>(n) Solubility:</b>	ND
<b>(o) Partition coefficient: n-octanol/water:</b>	ND
<b>(p) Auto-ignition temperature:</b>	ND
<b>(q) Decomposition temperature:</b>	1,450 ° C
<b>(r) Viscosity:</b>	ND

**Safety Data Sheet**

Form No. A-169

**Date Prepared: 1/21/2014****SECTION 10: Stability and reactivity**

- (a) Reactivity: Low, HMIS 0
- (b) Chemical stability: Stable
- (c) Possibility of hazardous reactions: Low
- (d) Conditions to avoid: Incompatible with Acids
- (f) Hazardous decomposition products: Decomposes to Calcium Oxide and Sulfur Dioxide at 1,450 ° C

**SECTION 11: Toxicological information**

- Acute toxicity NE
- Skin corrosion/irritation NE
- Serious Eye Damage / Irritation NE
- Respiratory or skin sensitization NE
- Germ cell mutagenicity NE
- Carcinogenicity NE
- Reproductive toxicity NE
- STOT-single exposure NE
- STOT-repeated exposure NE
- Aspiration Hazard NE

- (a) Exposure route: Inhalation, skin and/or eye contact
- (b) Symptoms related to the physical, chemical and toxicological characteristics: Difficulty breathing, rashes or irritations
- (c) Delayed and immediate effects and also chronic effects from short and long term exposure: Difficulty breathing, rashes or irritations

- (d) Numerical measures of toxicity:

See control paramaters above

**SECTION 12: Ecological information**

- (a) Ecotoxicity: ND
- (b) Persistence and degradability: ND
- (c) Bioaccumulative potential ND
- (d) Mobility in soil: ND
- (e) Other adverse effects:

**SECTION 13: Disposal considerations****Product:****Recommendation**

Dispose of material in accordance with all applicable federal, state and local regulations.

SECTION 14: Transport information

(a) UN Number	This product is not regulated as a hazardous material by neither the United States (DOT) Transportation regulations nor Canadian Transportation of Dangerous Goods.
(b) UN Proper shipping name	NA
(c) Transport hazard class(es)	NA
(d) Packing Group	NA
(e) Environmental hazards	NA
(f) Transport in bulk	NA
(g) Other Information	

SECTION 15: Regulatory information

SARA Reporting Requirements:	NA
SARA Threshold Planning Quantity:	NA
TSCA Inventory Status:	ND
Other Federal Requirements:	NA
Other Canadian Regulations:	NA
State Regulatory Information:	NA
